case any of you want to look at it. Then after a number of
Advance Sheets have been put together, those cases are
collected in a permanently bound volume, they call the
Nebraska Reports. They look like this. The Supreme Court
Reports, the hardbound volume and the Advance Sheets, the
paperback Advance Sheet, those have always been distributed
to the judges around the state and some other public
officials. What the committee amendment does, the judges of
the workmen's compensation court, for one reason or another,
had been left out. The committee amendment says that these
will be distributed free to the workmen's compensation court
judges. I would ask the adoption of the amendment.

PRESIDENT: Is there discussion on the amendments? If not,
the motion is to adopt the Judiciary Committee amendments to
the bill.   All those in favor vote aye, opposed vote no.
We're voting on the   Judiciary Committee amendments to
LB 848. Please record your vote.   Have you all voted? The
Clerk will record the vote.

these are Supreme Court decisions, and since we want to
eliminate the need for coordination between the Supreme
Court and the librarian, we are just having the Supreme
Court directly take care of the issuing of these reports.
So the Supreme Court would handle it instead of the
librarian. The second change is that the Advance Sheets
that I was talking to you about, these paperback volumes,
will be going out to the judges. They have been anyway, as
I understand it, but that has not been in the statute.
There is no additional cost to the state on this whole deal
because they have always soaked the lawyers for the cost of
